

Job Title: Civil Engineering Intern / Trainee

Location:

Job Description:

We are seeking enthusiastic Civil Engineering students to join our team as interns/trainees. You will assist in project planning, site supervision, quality checks, and documentation while gaining hands-on experience in civil construction and design processes.

Responsibilities:

- Assist in surveying, drafting, and site inspections.
- Support project engineers in preparing drawings, BOQs, and reports.
- Monitor site activities to ensure adherence to safety and quality standards.
- Collaborate with the team for smooth project execution.

Requirements:

- Pursuing B.E/B.Tech in Civil Engineering (3rd/4th year preferred).
- Basic knowledge of AutoCAD, MS Office, and surveying techniques.
- Strong analytical, problem-solving, and teamwork skills.

Benefits:

- Practical exposure to real-time projects.
- Mentorship from senior engineers.
- Internship certificate upon completion.
